WORK EXPERIENCE

Software Developer
Bordeaux, France
2019 - 2025

Cross-platform developer on web & mobiles applications.

Main projects:

- **Spot Inflows by SUEZ**: Web application using interactive maps (Mapbox, GIS) to identify sections of pipeline networks needing inspection or repair and facilitating statistical analysis.

- **Manuel Numérique Max (Humensis - Editions Belin)**: Web & Mobile app for an enriched (interactive, multimedia) visualization of Belin Education's digital manual.

- **TooShare**: African social network dedicated to online education and knowledge sharing.

- **SkillAgora**: Internal corporate training management platform.

Side job
Bordeaux, France
2017 - 2019

Leading workshops for kids using tools such as Scratch, Minecraft, Unity 3D and Arduino. Making use of a playful and didactic pedagogy focused on creativity and collaborative learning.

Internship
Stuttgart, Germany
May - Aug 2018

Creative technologist at 17K. Conception, UI/UX design and development in Processing (Java) of a touchscreen application for a kids section of the KTM MOTOHALL museum in Mattighofen, Austria.

Internship
Bordeaux, France
Jun - Aug 2017

Participation in the conception and development of the project InnerFlower (Digital flower showing a sensorial representation of biological signals to provide therapeutic support and enhance well-being by breathing exercises).

Project carried out by the start-up Ullo (ullo-world.fr) in partnership with the team POTIOC at the research center INRIA Bordeaux.
